

**GUIDE LINES IN RESPECT OF RELEASE OF NEW CONNECTIONS IN  
MIDC INDUSTRIAL AREA**

It is decided that MSEDCL, H.O will accord approval in principle based on the proposal received from MIDC, H.O. In this proposal MIDC shall indicate whether the work shall be executed by MIDC or otherwise.

- 1) It is decided to consider all works, irrespective of estimate amount, related to MIDC area under interest free loan Scheme.
- 2) Supervision charges will be applicable as per MERC regulations to all the works under interest free loan scheme.
- 3) Works pertaining to augmentation / strengthening of MSEDCL's existing infrastructure related to MIDC industrial area will be considered under interest free loan Scheme
- 4) In MIDC area, where existing infrastructure of power is available, MIDC will execute only priority works as decided by concerned SE MIDC under interest loan scheme.
- 5) Period for feasibility survey, preparation of estimate and further release of power supply will be governed by Supply Code issued by MERC.
- 6) In MIDC area where no infrastructure is available MIDC should develop infrastructure for giving power supply to prospective consumers under interest free loan scheme.
- 7) Actual cost of works executed by MIDC will be considered from the date of taking over of installation by MSEDCL. Installation are to be taken over as soon as works are completed, or within 30 days
- 8) All the works will be sent to Distribution Cell, H.O, MSDCL by MIDC, H.O, for providing consent to take up the works under interest free loan scheme. This will help in proper reconciliation of work to keep record of interest free loan schemes
